

INTERCEDE

From Justus in Kilifi, Kenya

Greetings in the name of our Lord Jesus. How are you with your family and other brethren? Hopeful that you are all well pressing on work in the King of Kings vineyard. This side of the village we are also doing well, sometimes the work is hard and other times it's smooth so we thank God that He always provides the strength to continue and overcome the difficulties.

We are encouraged to continue strengthening one another in knowing Him through searching in the Word. Mujibu church (right) is encouraging as members are growing strong as they continue to come for Bible study. They help in teaching the youth and Sunday school children and other activities in the congregation.

We had an opportunity to reach out to students in our neighboring school (right middle; reading the Bible). The Kenyan ministry of education has thirty minutes session in their school time table where preachers can teach the Word of God to the students. Not all schools allow preachers speak to the students. So we are thankful that we can talk to them about the Good News we believe that God is working in them.

This month we helped in construction at Mujibu church as the mason who was constructing the church building was sick. Nelson and me helped in constructing the roof. We are praying that soon the building roof will be complete. (bottom right)

May God bless you all as you continue to stand in the gap for his work. Pray for Kenya's election that it will be peaceful. Amen

- *Justus Ngowa and Nelson Kahindi*

STANDING IN THE GAP

From the Makayas

It is always a joy to sit and update you on what the Lord is doing in the Makayas' lives.

We are very grateful that the Lord has provided partnerships for Liberty Visions Media (LVM) to spread His Word. Prince covered a UBS Conference in Nairobi, Kenya. He also travelled to Kakume Refugee Camp in Northern Kenya to document church planting in partnership with The Timothy Initiative. He worked with Sudanese Refugees. It is amazing that we all sing the same songs in different languages.

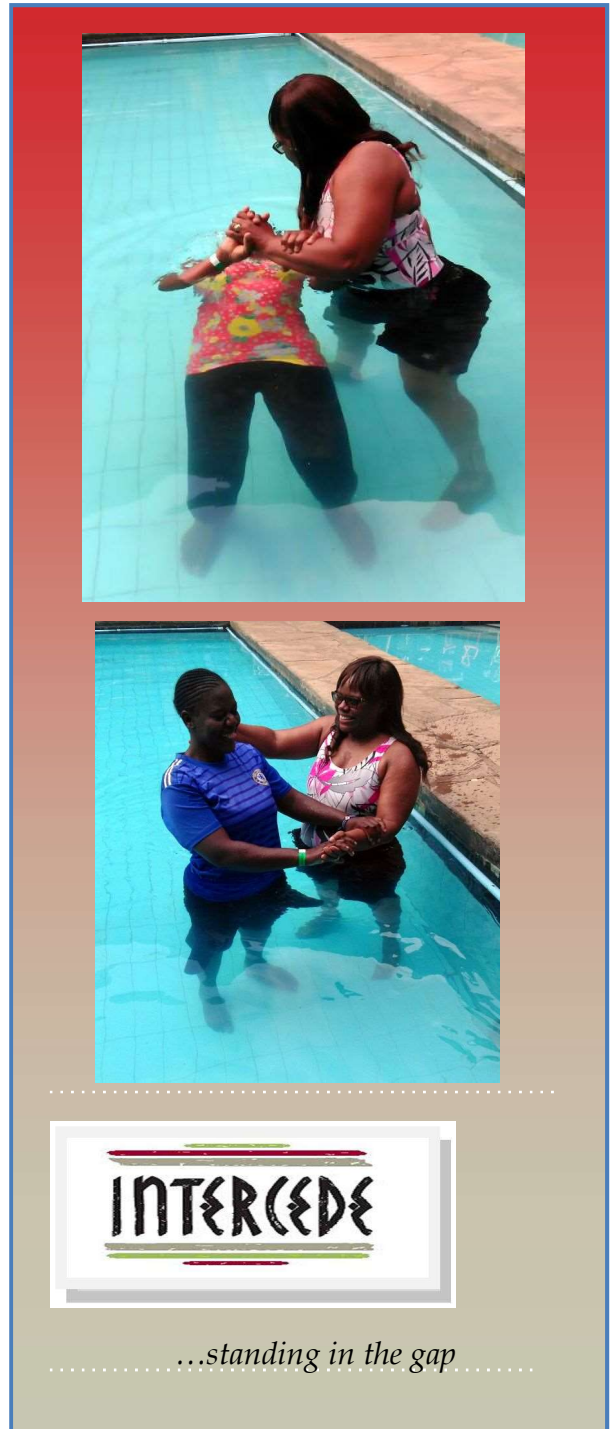

Prince and I continue to serve in our local church every Sunday. He serves in the Media Ministry recording the service and editing. I teach and lead Praise and Worship in the Children's Church.

The Lord has been very good to us. 3 of the Staff at Liberty Visions Learning Center (LVLC) were baptized. It has been a joy to see each of us grow in Him and be more committed to the Lord.

The candy for the top 5 students per fortnight has been doing wonders. The LVLC students are working even harder. We have seen average students coming to the top 5 in their class.

The school sits on Kenya Forestry Service Land. Officials came to access the school. They have since asked me to write a letter for permission to be there. There was a verbal agreement before; but now they want to formalise it. Please be praying for favour.

Thanks again for your prayers, encouragement and financial support; without which this would be impossible to do. - *Chipo Makaya*
